

“ EDUCATION
is the passport
to the future,
for tomorrow
belongs to those
who prepare
for it today.”

“What You Think, You Become.”

- Lord Buddha

*From the Desk of
Managing Director*

Prof. Vijay Badkhal

**Managing Director,
IIM, Kozhikode Alumni**

It's been around two and half decades now since I set on this journey in the education field as a mentor, educator, and it had always been my long cherished dream to provide a springboard to the students of our region in the form of a right institute so that they can catapult themselves to dizzy heights in their academics and realize their dreams of getting into the esteemed and coveted professions like engineers and doctors.

And this long cherished dream got realized in the form of Inspire in 2014. And in just five years, we've been able to make our presence strongly felt in the region as an absolute leader in the IIT and medical entrance training . A year after year, we at Inspire are coming up with far more exciting results at par with the best coaching institutes in the country.

With the sky high ideals and the commitment to excellence, we welcome you here at Inspire to help you achieve your child's dream of becoming the most celebrated and coveted professional with the help of Midas touch at Inspire.

Strategy towards success

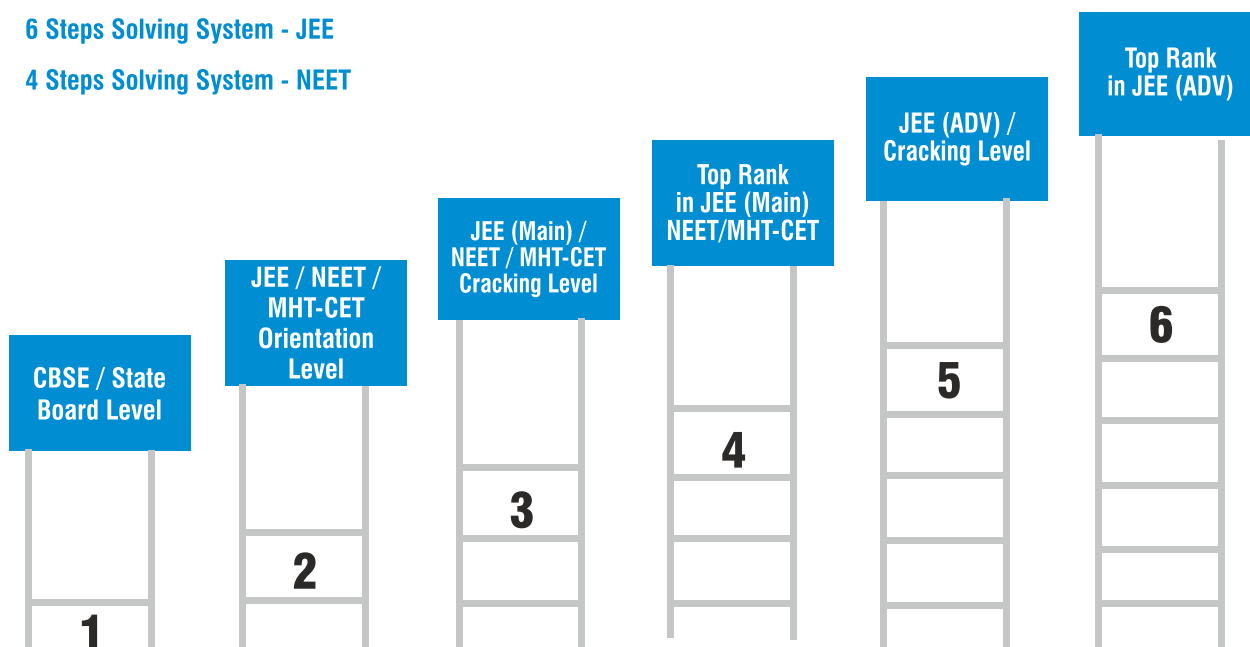

The ultimate success in JEE / NEET depends on the problem solving practice. Inspire has evolved the strategy for the success; it consists of step-by-step solving practice. We have divided solving sessions in three broad groups A) Subjective type-elementary level, B) Objective Type & C) Mix type-advanced level. Each group is further divided in to two steps each, thus taking total to six steps.

- 1 Step 1** is the lowest board level solving, directly from board books. This step ensures success in the board exam.
- 2 Step 2** is selected problems from other books / Daily Practice Problem Sheets (DPPs). This takes students to higher-than-board level & orients them to MHT-CET / JEE / NEET.
- 3 Step 3** consist of selected objective problems & is sufficient to take students to MHT-CET / JEE (Main) / NEET cracking level.
- 4 Step 4** is solving many more objective problems & it ensures good rank in MHT-CET / JEE (Main) / NEET.
- 5 Step 5** is mix type questions based on JEE (Advanced) pattern and takes students to JEE (Advanced).
- 6 Step 6** is still higher level mix type problems & ensures good rank in JEE (Advanced)

Students must solve problems step-wise. If the jump to higher step directly then they will be wasting more time unnecessarily and will not be able to answer simple questions in the exam.

6 Steps Solving System - JEE

4 Steps Solving System - NEET

TEACHING METHODOLOGY@Inspire

- Well Experienced & Highly Qualified Faculty
- Professionally n Scientifically Designed Course
- Covering Board & Competitive Exam Syllabus simultaneously
- Printed Study Material
- DPP & Chapter - Wise Test
- Individual Attention
- Doubt Clearing Sessions
- Revision Classes
- Board Classes
- Board Pattern Test
- Absenteeism SMS Alert
- Monthly Progress Report
- Motivational Sessions
- 04 Hours study sessions
- HR Activities for Leadership Skills
- Informative Seminars by Learned People

INSPIRE SYSTEM

- Ultra Modern Classrooms
- Computer Lab - for JEE Mock Test
- CCTV surveillance
- Inspire App for academic feedback
- Youth Festival, Sports, Recreation
- 100% Digitised & Modern Classrooms

Hostel & Transportation Facility Available

Start Your Journey of Success at Right Time

with inspire Pre-foundation Division VIII, IX, X

Advantages of an Early START

- ◆ Getting adapted to the pre-requisites of competitive exams
- ◆ Development of temperament, attitude and habits for facing the objective based competitive exams
- ◆ Boosting of self confidence; increase of speed in solving questions and learning time management
- ◆ Exposure to the in-depth knowledge of subjects; the approach to learn and understand them
- ◆ Higher chances of selection in competitive exams along with class-xii
- ◆ Early start avoid stress & anxiety at later stage

Course Structure & Feature :

- **Subjects Covered :** Maths, science (Physics, Chemistry, Biology), Mental Ability & social Science
- **Classes :**
 - ◆ Classes will be held in the Evening.
 - ◆ There will be 3 classes each day.
 - ◆ Special Classes, Revision Classes & Extra Classes are also arranged as and when required.
- **Doubt Sessions :**

For each and every topic doubt removal classes will be conducted regularly to ensure complete preparation in all aspects. This unique facility is extended to all students to clarify doubts in one-to-one mode even outside the classrooms.
- **Home Assignments & Checking:** Student will be given Home Assignments on each chapter which they have to attempt and submit. This will be checked by our experts and will be returned to the student with remarks and suggestions for improvement.
- **Quizzes & workshops :** Quizzes & workshops will be conducted to improve Competitive Quotient (CQ) of students.
- **Test Series :**
 - ◆ Regular Tests will be conducted on School Examination & Competitive examination pattern.
 - ◆ Result of each test will be provided to the student.
 - ◆ Student analysis report

- Details of Various Scholarship Exams -

NTSE

NATIONAL TALENT SEARCH EXAMINATION (NTSE)

It is a national level scholarship program in India to identify and nurture talented students. The scheme is open to students of Indian nationality. Only students studying in Class VIII are eligible to appear for the selection process. As it is organized by an official body (NCERT).

KVPY

KISHORE VAIGYANIK PROTSAHAN YOJNA (KVPY)

It is an ongoing program started by the Department of Science and Technology, Government of India, to encourage students of Basic Sciences, Engineering and Medicine to take up research careers in these areas. The aim of the program is to identify and encourage talented students with aptitude for research.

RMO

REGIONAL MATHEMATICAL OLYMPIAD (RMO)

It is basically a talent search programme for the pre-university students. The main purpose of this programme is to encourage students to develop their mathematical ability. It is organised by Homi Bhabha Centre for Science Education (HBCSE), Mumbai.

IMO

INTERNATIONAL MATHEMATICAL OLYMPIAD (IMO)

It is the World Championship Mathematics Competition for High School students and is held annually in a different country. The first IMO was held in 1959 in Romania, with 7 countries participating. It has gradually expanded to over 100 countries from 5 continents.

IJSO

INTERNATIONAL JUNIOR SCIENCE OLYMPIAD (IJSO)

It is a competitive examination open to students of all countries in the world, primarily studying in secondary schools. All basic subjects of Science (Physics, Chemistry, Biology and Mathematics) are given roughly equal representation in the IJSO examination.
