Director's Message

Prof. Vijay Badkhal

Managing Director

IIM, Kozhikode Alumni

Mentor of AIR - 1

JEE (Advance) 2019

Dear Parents and Students,

At Inspire Institute Chandrapur & Pune, our 11-year legacy in JEE / NEET / MHT-CET / IISER preparation has taught us a simple truth that **extraordinary outcomes are built on ordinary habits practised early and consistently.** Inspire Junior our pre-foundation division for Classes VIII to X has been created exactly for this purpose to lay a rock-solid academic base and to convert curiosity into capability.

Classes VIII–X are the formative years where concepts, thinking patterns and study habits take root. When students learn to understand before they memorise, reason before they answer and reflect before they revise. They don't just score better in school, they grow into confident problem solvers ready for any competitive pathway.

Our commitment is simple to build thinkers first, rankers next. When foundations are strong, excellence in XI / XII and beyond becomes a natural progression not a stressful leap.

“Start early, build right pre-foundation turns potential into performance.”

Welcome to Inspire Junior. Let's give your child the advantage of time, method and mentorship so tomorrow's milestones feel like today's routine.

VISION

- To build concept-strong, competition-ready students with character, curiosity and confidence.

MISSION

- Deliver concept-first teaching for Classes VIII - X.
- Prepare systematically for Olympiads & talent exams.
- Strengthen board readiness through structured practice.
- Provide personalised mentoring, diagnostics and parent updates.
- Nurture discipline, values and 21st century skills.

Our Education System

I

Expert Faculty

Team of IIT / NIT / Ph.D. qualified mentors with years of teaching experience.

II

Conceptual Clarity

Focus on strengthening basics of Maths, Science & Logical Reasoning with real-life applications.

III

Olympiad & Competitive Edge

Training for NTSE, KVPY, RMO, IOQM and Science Olympiads to prepare students for national & global platforms.

IV

Board + Competitive Integration

Simultaneous coverage of School Curriculum + Entrance Exam Syllabus for stress-free preparation.

V

Smart Pedagogy

Daily Practice Problems (DPPs), worksheets, interactive classes and doubt solving sessions.

VI

Regular Testing System

Part tests, unit tests and full length exams with detailed performance analytics.

VII

Digital & Smart Tools

Use of Digital Boards, Online Tests and AI based Analytics.

VIII

Mentorship & Counseling

Continuous monitoring, motivation and academic guidance for every student.

IX

Time Management Training

Special modules on exam strategy, speed and accuracy.

X

Value Education

Personality development, discipline and character-building along with academics.

XI

Holistic Development

Development of critical thinking, problem solving skills and creativity.

XII

Parental Involvement

Regular PTMs and progress reports for transparent communication.

OUR FACULTIES

- (IIT / NIT / Ph. D Qualified) well experienced Team
- Deep command of Olympiad & talent-exam patterns (IOQM / RMO, NSO / NSEJS).
- Board alignment experts (CBSE / ICSE) with chapter-wise mapping.
- Concept visualisation : models, demos and everyday analogies.
- Problem-decomposition & multiple methods for each question.
- Data-driven mentoring using diagnostics and growth trackers.
- Trilingual support (English/Hindi/Marathi) for clarity and comfort.
- Personal doubt-solving with clear turnaround timelines.
- Ethical, disciplined classroom culture with high accountability.

OUR TEACHING APPROACH

- ✓ Concept with example followed by practice & Review.
- ✓ Spiral progression with scaffolded difficulty and spaced revision.
- ✓ Daily Practice Papers (DPP) + targeted worksheets for precision.
- ✓ Socratic questioning to build reasoning and curiosity.
- ✓ Retrieval practice, error logs and re-teach loops to fix gaps.
- ✓ Board & Competitive integration in every lesson.
- ✓ Regular unit tests & full mocks with actionable feedback.
- ✓ Parent connect: concise progress reports and improvement plans.

11

Advantages

1

Early Foundation :

Builds strong basics in Science & Math from Class VIII - X

2

School Excellence :

Enhances performance in school exams & boards.

3

Competitive Edge :

Prepares students ahead for JEE / NEET / IISER / MHT-CET / Olympiads

4

Problem-Solving Skills :

Develops analytical and logical thinking ability.

5

Exam Temperament :

Regular tests train students for real time exam pressure.

6

Time Management :

Teaches students how to balance school & competitive study.

7

Discipline & Consistency :

Instills regular study habits and focus on target.

8

Confidence Building :

Small wins in tests and guidance boost self-belief.

9

Career Orientation :

Provides clarity on career paths (Medical/Engineering/Science)

10

Stress Reduction :

Reduces pressure in Class XI–XII with early exposure.

11

Holistic Growth :

Encourages curiosity, motivation and a scientific mindset.

Details of Various Scholarship Exams

NSEs

National Standard Examinations (NSEs) in India:

Conducted by the Indian Association of Physics Teachers (IAPT); later stages are run by HBCSE-TIFR.

NSEP – National Standard Examination in Physics

NSEC – National Standard Examination in Chemistry

NSEB – National Standard Examination in Biology

NSEA – National Standard Examination in Astronomy

NSEJS – National Standard Examination in Junior Science (for younger students)

Who can appear: School students in India (class-wise/age eligibility varies by exam; **NSEJS** is typically for up to Class X, the others for senior-secondary students not yet in college).

When: Held once a year, usually in the late Oct–Dec window at registered exam centres across India.

Format (high level): Single, objective-type paper per subject; tests strong conceptual understanding and problem-solving aligned with (but deeper than) school curriculum.

Selection pathway:

NSE (Stage-1) → top scorers qualify for

INO (Indian National Olympiad, Stage-2) by HBCSE → shortlisted for

OCSC (Orientation–Cum–Selection Camp, Stage-3) → final Indian team for the respective International Olympiad (IPhO, IChO, IBO, IOAA, IJSO).

RMO

Regional Mathematical Olympiad (RMO)

It is basically a talent search programme for the pre-university students. The main purpose of this programme is to encourage students to develop their mathematical ability. It is organised by Homi Bhabha Centre for Science Education (HBCSE), Mumbai.

IJSO

International Junior Science Olympiad (IJSO)

It is a competitive examination open to students of all countries in the world, primarily studying in secondary schools. All basic subjects of Science (Physics, Chemistry, Biology and Mathematics) are given roughly equal representation in the IJSO examination.

IMO

International Mathematical Olympiad (IMO)

It is the World Championship Mathematics Competition for High School students and is held annually in a different country. The first IMO was held in 1959 in Romania, with 7 countries participating. It has gradually expanded to over 100 countries from 5 continents.

Glimpses of आनंदम्

(Annual Cultural Event@Inspire)

What They Say :

"The ShineOut Exam and the Talent Explore Exam were true turning points in my preparation journey. ShineOut gave me the perfect platform to assess my knowledge, speed, and accuracy against the best minds in the country. It not only boosted my confidence but also showed me where I needed to improve

Kartikey Gupta

AIR -1

"The Pre-Foundation program is necessary for success of every student. It gives clarity and the right mind-set. I learned how to manage time, solve problems step by step and stay motivated.

Aakash Biswas

**AIR-480
IIT KANPUR**

"The Physics 'why' before the 'how' changed everything. Faculty from IIT / NIT made tough ideas simple, and the habit of daily problem sets stuck with me.

Tushar Tajne

IIT, Mumbai

"The Olympiad - style worksheets trained me to think, not just memorize. That problem-solving habit is exactly what helped me crack IISER aptitude questions.

Prajwal Petkar

GMC, Nagpur

"Small gaps in basics were costing me marks. Pre - Foundation plugged them early — now my mocks stay consistent and I finish papers with time to revise."

Tisha Puglia

ICT, Mumbai

Discipline, timetable, and weekly targets from Inspire Junior set my rhythm in class X. Entering XI, I already had momentum and my NEET prep never felt chaotic.

Sohan Dharmik

GMC, Nagpur

"Pre-Foundation gave me clarity in Chemistry and speed in Bio. The step-by-step DPPs built accuracy first—speed followed naturally in XI–XII tests."

Shaswati Gabhane

GMC, Chandrapur

"Bio mnemonics + daily practice + doubt clinics = confidence. Pre- Foundation removed my fear of Physics and made NEET prep in XI–XII feel structured and doable."

Ashwarya Sonkusare
